Rotary Club of Port Moody & Rotary World Help
Vancouver
Canada

31 May 2021

Dear Ian

PPE CONTAINER

Thank you so much for initiating the donation of PPE and other medical equipment by Rotary World Help to the Rotary Club of Hermanus. Please pass on our thanks to all those in the Rotary Club of Port Moody and Rotary World Help who were involved in getting this project off the ground and to the Rotary Club of Vancouver for sponsoring the shipping of the container. A special word of thanks to Jerry Zdril who went out of his way to help us navigate the peculiarities of the South African customs.

The content of the container was distributed between ten Rotary Clubs in District 9350 namely Hermanus, Blouberg, Claremont, e-Club, Kirstenbosch, Kromboom, Newlands, Somerset West, Strand and Waterfront. These clubs, in turn, distributed it further to a large number of NGOs, retirement homes, Provincial Hospitals and Clinics who serve many disadvantaged people. In addition, the soccer equipment will be distributed to Soccer Clubs in the District who are mainly concerned with keeping young people occupied. Uniformly, the response has been tremendously positive.

Included with this letter are a number of photographs that were taken during the process of unpacking and distributing the PPE. Hopefully we will be able to add some showing off the donated soccer kit.

Yours in Rotary,

Lourina Wilson
